RECOMMENDATIONS

The Life Alignment Academy ‘taught me how to change, discovering and becoming myself... to believe in myself, dissolving my old fear of not being accepted by others. It allows me to bring who I am to the world’

Carla Faletti, alumni LAA-Italy and now LAA teacher

After working as a practitioner for a couple of years, I joined the Academy program to become a teacher. I am a great fan of the way it is built up and how it provides a safe space for students as well as a proper amount of time to practice and learn together. Life Alignment Academy is perfect for people who want to work in the field of holistic wellbeing. For those looking for (self)-healing tools to support friends and family it will be the right choice as well, as Life Alignment helps to bring you back to yourself.

Sanne Jasper, teacher-in-training, LAA Netherlands and LAA UK

RECOMMENDATIONS

I became a Life Alignment Practitioner at the Life Alignment Academy in the Netherlands. This experience changed my life and prepared me to coach people on their search for creativity and healing. The results are mind-blowing. For my own wellbeing I use Life Alignment as a daily lifestyle tool. I can highly recommend this study. It will enrich your life and let you look at the world from a higher perspective.

Ulrike Quaid, alumni LAA Netherlands

The Academy allows everyone to flourish, encouraging both tutors and students to work at their own pace, to develop their expertise in a safe and loving environment, to grow in confidence and intuition and form supportive, deep and connected relationships.
